### About Sidharth

#### CREBACO Global

Sidharth is the founder and CEO of **CREBACO Global**, which is a research, consulting, intelligence, and rating company focused on Blockchain and Cryptocurrencies. CREBACO has one of the largest comprehensive research databases of the industry and has consulted over 157 projects since 2017. The central vision of his company is to eliminate scams and make the Blockchain and Crypto ecosystem more regulated and organized. Sidharth helped CREBACO develop a unique and patented matrix to conduct an assessment of Blockchain and Crypto using 150+ parameters covering Legal, Tech, Financials and Due Diligence involving over 2000+ data points and making that data immutable using Blockchain technology.

#### Blue Aster Capital

Sidharth recently launched Blue Aster Capital in Bahrain, which is regulated under Category 4 by the Central Bank of Bahrain providing the most structured approach to digital assets fund management in the entire GCC region. Blue Aster Capital focuses towards Digital Assets like Bitcoin and also has Algo Strategies which are deployed towards not only crypto but traditional asset classes also. Blue Aster Capital Multi Asset Fund has a global approach and looks at S&P500, Asian Markets and Indian Markets. Sidharth is working is also working aggressively with governments, regulators, SEZs, etc for policies, frameworks and taxations. Sidharth is also a director in his three-generation old family business of textiles and is an angel investor in over 37 projects.
